Why Choose Us.

Comprehensive Agricultural Solution:

Oasis offers a wide array of agricultural products and services, including high-quality seeds, agro-chemicals, farm tools, insurance, learning platforms, financial linkages, and software solutions which ensures that farmers have access to all essential resources required for successful farming.

Technology Integration:

The company utilizes technology to enhance farming practices. The electronic farmers' learning platform and software solutions provide valuable knowledge and tools to improve agricultural productivity and efficiency.

Diverse and Inclusive Support:

Oasis demonstrates a commitment to inclusivity by serving diverse demographics such as women, men, youth, refugees, and host community farmers. This inclusive approach ensures that all farmers, regardless of background, have access to the necessary support and resources.

Extensive Network:

With over 100 agents and partnerships with 450 farmer groups totaling over 24,550 farmers across various regions, Oasis has established a wide-reaching network. This expansive presence allows for better accessibility and support to farmers in different areas.

Experience and Establishment:

With a history since 2015 and formal registration in 2018, Oasis has had time to establish its operations, build trust, and refine its services, potentially ensuring reliability and quality.

Financial Linkages:

Oasis' provision of financial linkages could enable farmers to access financial services, facilitating investment in their farms, expansions, or coping with unforeseen challenges.

What People Says About Us

"Thanks to Oasis Agribusiness, my crop yield has significantly increased using their high-quality seeds and effective agro-chemicals. My farm productivity has never been better."

"Oasis has been a great support with their field-based farmer support and learning platforms. Their advice and resources have helped me make informed decisions about my farming practices."

"The accessibility of agricultural inputs through Oasis's network of agents has made it incredibly convenient for me to get what I need for my farm without hassle."

"Oasis doesn't just sell products; they empower farmers. As a female farmer, their focus on empowering women in agriculture has been instrumental in my success."

"I have learned so much through Oasis's electronic learning platform. Their innovative use of technology has transformed the way I farm for the better."

"Oasis helped me access financial services (Loan) that I never thought were within reach. It allowed me to invest in my farm and grow my business."
